

CHLOR*RID[®] LIQUID SOLUBLE SALT REMOVER

DATA SHEET

DESCRIPTION: CHLOR*RID is an organic bonding chemical blend which aids in the removal of chlorides, sulfates and surface reacted salts. Contains no volatile organic compounds (VOC's), and is biodegradable.

CHLOR*RID is recommended for use in a maintenance wash solution to reduce corrosion and as part of surface preparation prior to application of primers or coatings on a variety of surfaces, including ferrous and non-ferrous metals, concrete, wood, plastics and others.

SURFACE PREPARATION: Best surface preparation yields the best results. If hydrocarbons are present, they should be removed prior to salt removal. Barrier materials, such as rust or scale or delaminated coatings, should be removed prior to salt removal. Sufficient mechanical force, such as high pressure water or wet abrasive blast, may be utilized so barrier materials are removed as part of salt removal procedures.

APPLICATION: CHLOR*RID can be introduced and applied by a variety of means. SEE DIRECTIONS for hand cleaning, pressure washing, UHP waterjetting and wet abrasive blasting methods.

Contact **CHLOR*RID International Inc.** or an Authorized Distributor for other methods or technical support.

Before and after cleaning a small sample area (usually 25 Sq. Ft.), test the surface for contamination. Adjust travel speed, pressure or dilution as necessary and retest to assure desired cleanliness level is achieved. It is not necessary to use the entire contents. Partially filled containers should be closed tightly.

SPECIFICATIONS

- Color: Blue
- Typical Coverage 300-1000 sq. feet per U.S. gallon
- No VOC's
- pH 3.3(+/- .2)
- Packaging 1/5/55 U.S. gallon
- Single Component
- Shelf Life: 36 months
- Application Temperature: +32 degrees F
- Keep from freezing - If frozen, thaw before use.
- Non-Flammable

WARRANTY: CHLOR*RID International Inc. warrants this product to be identical in chemical and physical properties from batch to batch within the specification limits of the raw materials used in their manufacture.

SAFETY PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Do not mix with other chemicals. See M.S.D.S. for full precautions prior to use. This product is intended for professional use only.
